

# Parent Morning Drop off and Afternoon Pick-Up Tips

## Morning:

- Please do not use the lower parking lot; this is for busses only.
- Please enter through Meeker's parking lot
- As you enter our lot, please pull all the way forward along the right-side curb. The teachers and safety patrol will unload the first 3 – 4 cars in line (like valet service ☺ )
- Please do not park and let students out by the Kindergarten classrooms. This *really* slows down the line.
- You may carefully drive through on the left hand side and park your car in a designated parking spot and walk your child across. Please do not send them across by themselves, to ensure their safety.

## Afternoon:

- Again, please do not use the lower parking lot. Enter through Meeker's parking lot.
- The students will be lined up by grade level, behind marked cones.
- Please pull all the way forward and create a line along the right-side curb. There is NO PARKING and NO WAITING on the short curb at the top of the stairs.
- When you are one of the first 4 cars, we will help your student(s) from their line and load them into your car. (Valet service ☺)
- PLEASE do not park and get out of your car while waiting in the loading zone. This *really* slows down the process! If you need to get out of your car, please proceed to the parking lot and park in a designated parking spot.
- It is also very important that if you do park, that you walk over and get your child from their grade level line. Students will **not** be allowed to cross the parking lot. This is a big safety issue. THANK YOU!
- If you are walking or meeting your child and are not in a car – please wait for them on the sidewalk near the flagpole. This makes it less crowded by the door and allows children to get to their grade level lines.
- Most of all – have patience! We are all concerned about the safety of the children.
- THANK YOU in advance for your cooperation! Our Crescent Heights families are the BEST!!!
